RE: PS Docket No. 06-229, WT Docket No. 96-86, and DA 07-4168
Notification of Number of Equipment Operating in the 700 MHz
Band

To Whom It May Concern:

This letter is in response pursuant to FCC'S PS Docket No. 06-229; WT Docket No. 96-86 and DA 07-4168 for notification of 700 MHZ radios in service by the State of Idaho. The State of Idaho-Idaho State University Public Safety Communications had twenty four 700 MHZ portables that were in service and operational prior to the August 30, 2007 deadline.

These portables are used by the university, which is located within Bannock County in the State of Idaho. The base station repeaters that these units are affiliated with are located at 42-50-50.6 N; 112-21-40.9 W. The technical point of contact for the above portables is:

John Parker - Technical Coordinator
State of Idaho- Military Division
